Project Overview	<p>Woodchip and log sales (Acacia , Eucalyptus)</p> <p>For the purpose of acquiring Oji Group's resource for hardwood chip material, QPFL has planted Acacia and Eucalyptus on treeless mountain areas in Binh Dinh province, Vietnam. Harvesting began in 2002 with the average harvest age of 8. The harvested area has been replanted with Acacia hybrid. The forestry land is leased from People's Committee of Binh Dinh Province and the plantation operation is managed mainly by local contractors in the province. QPFL acquired FSC FM in March 2006. (the first company in Vietnam)</p> 		
CSR Activities	QPFL sends a team of doctors to remote villages without a doctor every year providing more than 500 villagers with medical services and checkups. For details, please see "ESG DATA"
